The sight of their son wanking and cumin knowing that having his dad rape his mum had turned him on almost made Marian cum so she quickly headed to the bathroom got in to the shower and turned it on.
Marian is soon standing under the running shower head the cool water running over her body off her thick furry triangle as she wanks, her eyes closed seeing not her second husband

The session ended with all the males lined up naked from the waist down jacking off in to Sue and Marian's faces or on to the two female nurses uniforms.
Once the male nurses had finished jizzing all over them they all dressed and headed in to the hospital Marian and Sue heading to the changing rooms to shower then once dried put on their now cum stained uniforms and head for the ward were Marian

handed out the duties to the female nurses and their student nurses, Marian spending the Morning with Sue and the afternoon with Carol. This morning Sue had two of the older Student nurses who were finishing their rotation with Marian so as they still had a hour and a half before they wake up the patients Marian takes the two males in to a empty private side room strips off her cum stained uniform, in only her stockings, suspenders, nurses cap lays on the bed pulling open her pussy. After he had finished cumin in the rubber Sue kisses him and remarks 'Keep it on I will be in later for a good fuck!' as she took the male back to his bed.

'What the fuck is going on and where is your uniform?' The male patient asked.

'Your getting your fucking cock sucked as a fucking wake up!' Marian replied before plunging him back in to her mouth.

While Marian was busy on the new patient Sue had followed her friends lead and also stripped off her own uniform but unlike Marian Sue left the curtains around her patients open. Also unlike Marian Sue was not only giving blow jobs but was also letting her patients eat her shaved pussy 69 or letting them dip their morning woods.

After the two nurses had woken all the males up the two females dressed then head back to work Marian deciding to head back to her office while Sue worked on the student nurse with her after fining him with a tent in his scrubs. Meanwhile Marian has the three new student nurses in her office all stripped from the waist down. So Marian strips off her uniform gets on to her knees and gives them all a blow job before they gang bang her on her desk. The three nurses all dump Jizz all over Marian's thick furry triangle.

A hour after the gang bang Marian sat at her desk in inly her

'Well don't just fucking stand there whip that big black bastard out and let me put some fucking lippy on it before you bend me over my fucking desk and shag my fucking brains out!' Marian replies as Tim starts to strip.

Now fully naked Tim's big American cock fully erect has a blow job off Marian before she is nailed to her desk, her retro bush is

pounded and pounded, Marian screaming in pleasure as orgasm after orgasm rip through her body. Then Tim pulls his big black member out of her cunt and plunges it in to her arse, like her pussy Tim pummelled it until he filled it with his jism.. Once he had finished he kissed Marian, dressed and left leaving a naked Marian cum dripping out of her arse to dress and then continue her paperwork.

As Marian finishes her last staffing report the desk phone rang it was Sue the new male patient Marian had woken up this morning was requiring assistance to shower and had requested

Once she had put the phone down Marian headed to Sue's station and went with the male to the showers. They both strip off Marian like the male completely naked. The male then steps in to the shower turns it on before turning to face Marian.

'Why don't you join me in here and give me some relief?' he asks as he starts wanking before adding 'I will even let you play with my meat pole as its starting to wake!'.

'MMM why the fuck not I love cock in the shower!' Marian replied as she stepped in to the male's shower. The male soon

After a short while the male stop munching on Marian's rug stands back up kisses her his cock still fully erect, Marian tasting her own juices on his lips as they kissed before she starts kissing her way down his well toned body to his cock.

Marian looked up before sealing her lips around the swollen

shaft after licking the swollen pink bell end, tasting juicy clear pre cum.

She takes the whole 9" of the fit male all the way down her throat until her nose is in his pubic hair as she gives him a blow job under the shower. By the time she had finished giving the patient a blow job under the shower there was a bright red ring at the base of his shaft as she kissed her way back up his body.

They lock their lips together once more then once they were free Marian grabbed the males cock and remarked 'Now the

Nurse has put lip fucking stick on the fucking patients fucking dip fucking stick its about fucking time he dipped his fucking wick!' as she gives him a quick hand job.

'MMM yes let me dip my fucking wick under the shower in some naughty nurses furry triangle!' the male replied as he lifted Marian up and then lowered her down on to his 9" monster, Marian taking the whole length of the males cock in to her thick black furry triangle, gasping as he started to pump her. Marian wrapped her legs around the male patients waist under the hospital shower. Anyone could still walk in on

her servicing the male patient as she had left the door unlocked., Marian was now screaming as she bounced up and down her own pussy juice smearing the cock as she bounced up and down while climaxing.

Midway through her umpteenth orgasm the shower room door opens and one of the student male nurses walks in, he soon strips naked his own cock soon fully erect, joins in the action under the shower his cock entering Marian's ass so the she now as both her cunt and ass full of cock.

then a video comes through of him using the same panties to

wank his cock to climax before slipping them back on this message had also been titled getting in the mood for a naughty nurse.

Marian took some photo's of her cum stained bush as she rammed her 9" vibrator in her pussy with it turned on making her cum then messaged her second husband back 'While you have been wanking in my panties your naughty nurse had been getting fucked hard by patients with big cocks and well hung doctors and student male nurses and my fucking 9" vibrator modelled on my step son's cock!' Marian replied her pussy now

When she had a request to head to a private room with a male patient Marian jumped at the chance, when she enter she finds not one but a few male patients in the room. They are all naked awaiting her arrival so now still in her uniform Marian gave each male a blow job before they all took turns at dipping their wicks in her soaking wet pussy, then dumping their creamy loads all over her stockings, uniform before she headed back to her office.

By the time she returns to her office it is time to do the handover before she heads home, once that had been completed she headed out o meet John who was sitting in the driving seat wearing only stocking's suspenders, thong G-string panties and his shoes. 'Well fucking cum in my fucking ass!' Marian moans as John gives one more thrust then empties his cock in to his wife's well fucked ass.

Once they had finished fucking out on the lawn area between their caravan and the next one they head back in share a shower John licking his juice out of his Wife's well fucked ass and also her cunt when she starts to moan before she returns the favour with a blow job under the shower. After her second husband fills her mouth with his jizz and Marian had swallowed it all they get out dry themselves down then dress. John puts

Once dressed Marian then makes breakfast, as she is cooking she feels John grab her waist rub himself up against her his jeans around his ankles soon fully erect opens her dress and pull up the bottom. 'I intend to be topless as I am only going to the beach to pull some young stud cock!' Marian replied with a grin.

Once ready they head out of the caravan and head for Newton beach.

When they arrive on the beach they find a nice spot close to

some rocks then erect a wind breaker but then take it down, John then strips to his swim shorts, Marian strips to only her bikini bottom as she always went topless. They lay out their towels puts on sun cream and enjoy the afternoon son. Has they lay there relaxing a young male about Gareth's age walks towards them puts down his own towel then strips to his very tight bulging speedos. The sight of the young males bulging speedo almost made Marian cream her bikini bottom, when John notices Marian perving on the male he puts on his t-shirt then heads back to the caravan taking the rolled up wind

breaker with him to change in to his own budgie smugglers and collect his digital camera.

Once Marian had got rid of John she made sure she showed the young speedo clad male she wanted him right here right know by turning to face him her hand down her wet bikini bottom rubbing her furry triangle, and Marian doing this soon caused the young male's speedo's to swell as he tries to hide his straining erection. Marian then indicates for him to come closer to her, and the young male walks over to Marian knelt down, and Marian then reached in to his speedo's 'Fuck your

Once John arrived back at the caravan he strips off sits on the couch by the window and starts wanking after pulling out a

readers wives magazine were Marian was the centre spread.

Soon John is panting, moaning as he pumps his cock with his right hand, but soon his body tenses up then relaxes as he pumps great globs of hot creamy jizz all over his hand.

After he had finished he grabs a towel to wipe his hand then naked heads to the bedroom where he puts on his tight budgie smugglers, then returning to the living area puts on his t-shirt, shorts, grabs his camera then heads back to Marian on the beach.

John finds Marian heading back to her towel after a topless

'Love you took your fucking time have you been having a fucking wank in the caravan?' Marian asks before she kisses him.

'Yes I did and I bet while I was having my wank you fucked that young stud?' John replied.

'Lets fuck right here on the towels I don't care if we are seen!' Marian adds as John pulls his speedo's down to his ankles and takes them off followed by his t-shirt.

'Love first I want some fucking lip stick on my fucking dip stick before I fucking dip my wick!' John replied as Marian starts sucking and wanking her second husbands cock.

While Marian puts some lipstick on her second husbands dip stick a young male about 18 heads behind some waist height rocks over looking Marian and John his swim shorts on the rocks as he watches his right hand working hard as he wanks.

When Marian and John notices him she stops giving John a blow job then at the young male and remarks 'Don't be shy come and join us let me see what your wanking as I give my second husband a blow job before he fills me with his cock and load!' as the young male climbed over the rocks just as Marian returns to giving John head.

Has she gives her second husband a blow job he undid the strings of her bikini bottom exposing her thick furry triangle again before he starts finger fucking her.

After a short while Marian stops giving John head lays down

before john mounts her and they fuck missionary in front of the young stranger who was still standing there wanking, Marian soon screaming as orgasm after orgasm rip through her body. Soon the young male moans then shoots his jism on to the sand, once he had finished he heads back behind the rocks grabs his swim shorts that he puts back on then thanks Marian and John before leaving. Soon John is filling his screaming wife's furry triangle with his creamy load.

After they finish fucking they put on their swim wear and relax for a short while before John grabs the digital camera and starts

Marian finds John being sucked off by a husband and wife tag team in the changing room shower. So when the husband notices Marian he leaves his wife giving John a blow job and heads over to Marian who he fucks on one of the benches to a multiple screaming orgasm just before he pulls out and cums all over her face. Just as he finishes a group of young males come

in cocks fully erect so Marian takes them on next in front of her second Husband in a gang bang. Once at the bar and with two non alcoholic drinks they sit a table Marian already stroking her second husband back to full hardness as she wanted it over the table in front of strangers. Just as John was ready to bend Marian over and giver her a good fucking a male walked in cock fully erect collects a drink from the bar and heads towards Marian and John's table.

'Is it OK if i watch i need a good wank?' the stranger asks.

'Yes but there is no need to wank you can help my second husband fuck me as i love a mfm spit roast threesome!' Marian replied as she bends over the table her face level with the

males hard cock, the stranger like John was cut.

After a while John and the stranger swap around so that the stranger penetrated Marian as John got his cock sucked before the stranger lays on the table Marian facing him as she bent forward riding him cowgirl her second husband then on top of her his cock berried deep in her arse in a double perpetration.

Marian now screaming in sexual pleasure attracting other male

who just stood there being wanked off by Marian as orgasm after orgasm ripped through her body, the mfm threesome now having turned in to a 4 man plus gang-bang one male was even fucking Marian's mouth with his throbbing cock. Soon all the males started to jizz in her face moaning loudly. The last two males to cum were her second husband and the stranger pumping her cunt and arse, Marian now on her knees on the table both males standing on the table as well wanking hard, the strangers being the next to cum pumping lots of hot creamy cock juice in to her face and hair just like the other males had

After they had finished the males hans Marian and John for letting him join them then leaves with his own wife who had been on the stage with two other females have a three way lesbian session, John hands Marian her drink, after she had finished it jizz still dripping from her chin and drying in her hair they head for the clubs pool for some aqua action via the female changing room

They enter the pool area and are handed a towel each by a

female wearing only hold up wet white stocking, her pussy completely shaved, they take the towels head to two empty poolside loungers passing some males getting their cocks sucked in and out of the pool, some couples even having a fuck in the pool as well, as they pass one of the pools clear glass shower cubicles a female was giving her husband a blow job as two strangers watches from the sides wanking their cocks dumping strings of jizz on the glass.

Marian kissed John 'That will be me soon but it wont be you having his cock sucked in the shower you will be the one

fucking wanking!' Marian remarked as they placed their towels down on to empty loungers beside the clubs pool. They then lay there for a short while Marian teasing John by rubbing her thick furry triangle before he gets up and dives in to the pool for a wank, when he surfaces he finds Marian sitting on the side water a quarter way up her black stocking clad legs the black material shimmering in the light of the pool area.

John swims over to where his wife was sitting kisses his wife's thighs while twanging her suspender straps before moving to her thick black bush. John starts to eat his wife's thick black

bush, before long Marian starts moaning, groaning and then screams as orgasm after orgasm rip through her body as cum drips from her cunt in to the pool. Has her second husband eats her out he also wanks his cock underwater, after a short while John stops eating Marian's thick furry triangle grabs her ankles and pulls her in to the pool still wearing her stockings suspenders.

They share a kiss before John forces Marian underwater to give him a underwater blow job. Every few moments Marian would surface to get some air before submerging again taking her

second husband back in to her mouth. Then after a good underwater blow job session Marian surfaces climbs on to a airbed with her second husband and they fuck missionary style. Has she is fucked by her second husband Marian started screaming as multiple orgasms rip through her body soon followed by her husbands load, once he had finished cumin they topple in to the pool off the airbed in each others arms shearing a underwater kiss. On then surfacing Marian grabs a bar suspended on cables above the pool lifting her self out of the pool water running off her suspenders, thick furry triangle,

stocking clad legs. She then places her legs over her second husbands shoulders her furry triangle once again in his face as he uses his tongue again to make his wife cum, eating her hairy cunt to orgasm after screaming orgasm.

After John had made her scream in sexual pleasure Marian let go of the bar John dumping her in to the pool before they swam over to the larder Marian climbing out first the water like a waterfall coming off her thick black furry triangle as it shimmered on her stockings, her second husband soon following his cock once more fully erect. They head back to

their loungers where Marian pushes them together just like other couples had and lays across them John soon getting his cock sucked before he fucks her doggy on the loungers.
Soon John has Marian screaming again which attracts the attention of two males who come over wanking their own cocks and join in, Marian now riding John cow girl as one of the strangers slips his cock with John's in to her hairy cunt making her gasp as she puts lipstick on the other males dipstick.
After a while the other male takes hs cock out of her cunt leaving only John to fuck it as he slips his cock in to John's

mouth first then Marian's ass. As her second husband fucks her hairy cunt, one stranger her ass and she gives
the second stranger a blow job her orgasms intencefy as dose her screams. Soon it all becomes to much for John and the two strangers who all cum at once John in his wife's cunt one stranger in her ass and the other in her mouth Marian swallowing his load.
Once all three males had finished jizzing the two males return to their wives in the pool, John heads out to the bar to get some drinks leaving a flushed with sexual pleasure Marian on the

pushed together loungers rubbing her thick furry triangle.

Marian not alone for long as a group of males their wives having gone to one of the playrooms for a lesbo session walk over cock fully erect with lipstick rings around the bases of their meaty shafts. Marian looks them up and down. 'I bet you all want to gang bang me and I love a fucking gang bang!' Marian remarks as she grabs two of the hard cock and starts wanking them while the third male starts eating her furry triangle ans she gives the fourth male a blow job.

When John returns from the bar where he had had his cock

sucked by a husband and wife tag team he finds Marian in the throws of a 4 man gang bang so he places the drains next to the loungers on a table and heads for one of the poolside showers. As he showers he notices a female position her lounger so that she could watch him shower as she fucks her self with a dildo her husband in the pool with another woman. Soon John as become fully erect again so he steps out mounts
the female on her lounger plunging his big thick cock in to her soaking wet shaved cunt but soon they stop share a kiss then she leads him past Marian still being gang banged to one on the

out door hot tubs.

Now in the hot tub John sits down the female the sits on John's lap taking the whole length of his cock in to her cunt and riding him cowgirl. midway through the outdoor hot tub fuck Marian turns up covered in jizz from the gang bang kisses her second husband before getting in. Soon Marian is kissing the female exchanging tongues before taking turns to fuck John, both females screaming and moaning as orgasm after orgasm rip through their bodies, soon their screams become to much for John how now standing up wanks off in to his wife and

strangers faces.

Once John had finished jizzing Marian and the other female share another kiss licking jizz off each others faces before the female got out, then headed back into the clubs pool leaving John and Marian sitting in the hot tub playing tonsil tennis.

After their tonsil tennis session Marian has John to lay on the grass beside the hot tub as she squats down over his face.

'Open your fucking cock sucking mouth you fucking faggot!' Marian remarks as she starts to piss into her second husbands face and mouth. Marian sending streams of golden liquid in to

his mouth, John even sending some back up towards her thick furry triangle. After Marian had finished pissing in to her second husbands mouth Marian lays down on the grass.

'Come on you fucking poof piss in my mouth!' Marian demands her mouth open as if she was taking a creamy load of jizz and not golden liquid.

John stands over Marian and starts pissing in to her mouth, Marian swallowing the hot golden liquid.

As soon as John had finished a group of males asked if they could use Marian as their toilet as they were all gasping for a

piss?

John looked down at Marian who was grinning like a Cheshire cat who had just got all the cream.

'Go ahead my slut wife is all yours!' John replied as the group of males all stand over her and as John leaves they all start pissing all over Marian.

By the time all the males had finished pissing on her Marian needed a fuck before showering so one of the males fucked her brains out Marian screaming as orgasm after orgasm rip through her body until the male pulls out and adds his jizz to all

the piss on her face and bush. After the piss and jizz shower Marian heads back in straight to one of the poolside showers where she is soon joined by her second husband who she gives a blow job.

After a short while Marian stops giving her second husband a blow job then stands up gives him a kiss then remarks 'Love I want you in my fucking ass as I am gagging for a good anal fucking!' before getting down on all fours half in and half out of the poolside shower. John gets down behind his wife and plunges his cock into her ass making her gasp in delight as he

starts fucking her. While John fucks Marian up the ass some males gather round with their wives and partners some being sucked off or wanked off a few males even got their cocks sucked by Marian making her gag as anal orgasm after anal orgasm rip through her body. Soon just as the males watching and the male who had used her mouth as a fuck hole start to jizz John moans and she feels him fill her ass with his jism. Once her second husband had finished jizzing they stand back up and head back to their loungers were they finish their soft drinks then rest in each others arms before heading back to the

bar handing in their towels as they left. They have two soft drinks and sit down at a table were their soon joined by another couple who were from Swansea who both Marian and John had met before on dogging and swinger sites, as their talking Marian notices the wife eyeing her thick black bush while the hubby was eyeing up both Marian's bush and her second husbands cock, then the husband asks 'Can my wife eat your fucking bush Marian as I either join in or suck John's cock before we both fuck you with our cocks?'

Marian looks at John then with a grin replies 'John won't mind

me being eaten as he has his cock sucked!'

Soon the wife was munching on Marian's furry triangle tasting Marian's musky pussy juices as the husband tasted John's pre cum, both Marian and John moaning in sexual pleasure. Then after a short while the husband stopped giving John a blow job and then as the wife went off with two males both husbands took turns at screwing Marian before both males then filled her hairy cunt with cock as they fucked her together stretching her pussy lips. Soon Marian was screaming in sexual pleasure as orgasm after orgasm ripped through her body. After a while

both males moan then cum in Marian's cunt filling her with their cream hot jizz, mean while the wife was getting showered in cum from the two males who she had been fucking.

After the Swansea couple had left Marian and her second husband John finish their drinks then head for one of the clubs dungeon themed playroom. Now in the dungeon playroom there is s a table in the middle were Marian is secured while John is secured to the wall by a thick studded leather collar and cuffs, Marian is laid on the table her wrists, ankles ties by thick leather straps to eyes on the table Marian also wore a studded

collar as well plus both wore ball gags as well while two electrodes are attached to Marian's nipples and inserted in to her pussy.

Marian is then tortured her body jerking as she is given mild electric shocks to make her climax.

As John is forced to watch his wife being tortured to orgasm after orgasm he became erect and when the female who ran the playroom grabs her horse crop whip 'I did not give you permission to become erect as we torture your wife you fucking cock sucking worm!' the females remarked before raining down

blows with the whip on John's cock.

After whipping his erection John biting down on his ball gag he is released from the collar made to face the wall his cock slipped though a hole in the wall in to the next playroom were a male is then forced to suck John's cock by another mistress like the one in this playroom as the female is tortured like Marian. Now that John was having a blow job the female in their playroom pulls the probe out of Marian's pussy and rams it up John's ass before turning it on and then returns to Marian leaving the others still attached to her nipples she presses a

buzzer the doors open and walks in nine naked males all erect. The mistress kisses the lead male who issues some instructions to the others. One of the males grabs a bar from the wall puts it between Marian's ankles swaps her ankle restraints to the eyes in the bar which is then extended forcing her legs further apart. John then hears the mistress issue a instruction for the males to gang rape Marian in the bed as she forces a dildo in to the females second husbands ass. One leading male rips off Marian's ball gag mounts the table forcing his cock in to her mouth making her gag before he moves to her furry triangle,

each of the males take turns dipping their wick as Marian screams 'Oh yes that's it rape my hairy cunt you fucking studs!' Meanwhile the female had pulled the probe out of John's ass slipped on a strap on dildo and then with out any lube she started to ram it up John's ass making him bite down on his ball gag.

Has she pumps him she grabs John's waist 'MMM looks like I have a fucking faggot as by the way you are you take cock in your ass just like my boys do when tier not raping skanks like the one on the table!' she remarks as she pumps John's making

him moan and empty is load in to the male in the next playroom.
By now all the males had dipped their wicks and were all ready
to climax Marian's body covered in sweat her furry triangle
soaking wet so the lead male took off one of Marian's boots she
now wore once again and wanked his cock until he jizzed in it
then handed it to the next male, once all nine males had
finished they put her boot back on and leave the room.
After Marian was untied from the nine man gang rape and John
had also been released they had a threesome with the mistress
before they headed back to the female changing room were

Marian got to watch John being fucked by two strap on wearing females before he was given permission to suck their husbands before all three fucked a soon screaming Marian in all three holes under the changing room shower. Once all three had finished fucking Marian her second husband headed back to the male changing room where he sucked off two big black cocks in the shower while a naked Marian grabbed her coat and headed to the taxi handing in her key at the reception of her locker.

Once John had swallowed both males loads he dresses and

also after handing in his locker keys meets his wife at the taxi were he finds her laid in the bonnet having a wank as two stranger stand there also wanking as they climax on to the wings of the taxi. John strips off his bottoms cock once more fully erect mounts the bonnet fucks his wife's face for a short while before flipping her on to all fours and fucking her doggy style before she takes her second husband up her ass John eventually filling her ass with jizz. Once they have finished fucking John tosses his bottoms in to the back of his taxi then a naked Marian gets in her coat also tossed in to the back. They

then head back to the caravan through Cardiff via the A48.

Has he drives them back to the caravan Marian leaned in to the front 'Find some were to pull in as your naked wife want to be raped on the bonnet by her perverted second husband!' Marian remarked already knowing her second husband would not be able to resist such a request.

Marian dose not have to wait long for it as their soon pulling in to a empty stores car park her second husband parking up next to some CCTV takes off his top and then fully erect gets out flings open the door grabs Marian by her hair dragging her out

of his taxi throws her on to the bonnet before forcing his cock in to her mouth for a blow job making Marian gag has her second husband forced his cock deep in to her throat. After the forced blow job John mounts the bonnet as well now forcing his cock in to his wife's hairy pussy, as he pumps her Marian moans 'That's it fucking rape me you fucking cock sucking faggot taxi driver!' but soon these become screams of 'Jesus fucking Christ!' as orgasm after orgasm rip through her body.

Soon her screams become to much for her second husband who on moaning 'I am going to fucking cum!'

empties his creamy load of jizz deep in to her cunt.

After John finishes raping his cock hungry wife they share a kiss on the bonnet as they lay there getting their breath back before both got down off the bonnet and back in to the taxi John now driving naked Marian sitting back in the back.
